SUMMARY

Computer Science student at the University of New Brunswick (GPA 4.0/4.3) with four co-op terms totaling nearly two years of experience in software engineering and security. Skilled in TypeScript, Python, Java, Ruby on Rails, and Angular, with production experience building data pipelines for 200+ enterprise tenants and resolving a high-severity bug that reduced dashboard load time by 83%. Recognized on CBC National News for teaching AI/ML to high school students (6M+ viewers), with additional experience in Azure application security and healthcare software serving 1,500+ professionals.

EDUCATION

UNIVERSITY OF NEW BRUNSWICK — Fredericton, NB
Bachelor of Computer Science — Expected May 2027
Minor in Chemistry
Cumulative GPA: 4.0/4.3; Dean's List 2024-2025

PROFESSIONAL EXPERIENCE

INTROHIVE — Fredericton, NB
Associate Software Engineer — Jan 2026 – Present
- Built a Snowflake, dbt, and Airflow data pipeline delivering email and calendar interaction analytics to 200+ enterprise tenants across 6 global regions
- Fixed an 8-month production bug in dashboard filtering, cutting load time by 83% for datasets up to 253K values
- Resolved 4 customer-reported data-integrity defects and backfilled 2.8M+ records across 45+ environments

J.D. IRVING, LIMITED — Fredericton, NB
Security Analyst Intern — Jan 2025 – April 2025
- Developed and deployed a Python script on Azure integrating Imperva and Qualys SSL APIs, automating monthly domain security assessments and cutting a 10-hour manual process to minutes
- Assessed 30+ applications by identifying vulnerabilities and driving remediation within a 48-hour window-hour turnaround

INTROHIVE — Fredericton, NB
Associate Software Engineer — Sept 2024 – Dec 2024
- Upgraded two production apps from Angular 16 to 17, verified by 59,000 passing tests with zero rollbacks
- Rolled out Snowflake data ingestion to all production customers, coordinating changes across 42 Kubernetes clusters
- Fixed customer-impacting bugs in Rails and JavaScript and patched 7 high/medium-severity CVEs in Node.js and Ruby

POPULUS GLOBAL SOLUTIONS INC. — Fredericton, NB
Software Developer Intern — Sept 2023 – Dec 2023
- Developed a web-based prescription management system in Java, TypeScript, SQL, and Angular, eliminating prescription errors for 1,500+ healthcare professionals across Belize and Barbados
- Triaged and resolved 100+ Jira tickets, cutting the ticket backlog by 30% and saving 50+ hours of development time
- Integrated JUnit from scratch and authored unit tests across the codebase, boosting code coverage from near-zero to 80%

UNIVERSITY OF NEW BRUNSWICK — Fredericton, NB
Teaching Assistant — May 2024 – Dec 2025
- Supported 200+ students across 6 core CS courses (Java, C, databases) through labs, office hours, and tutoring, earning a Faculty Teaching Award for driving a 20% improvement in course grades
- Held weekly office hours and designed course assessments including assignments, midterms, and lab exercises, providing detailed feedback to improve student outcomes

STEMBLOCK — Fredericton, NB
Robotics & Programming Coach — Sept 2025 – Dec 2025
- Coached 20+ students in robotics and Python, designing a prep curriculum that advanced teams to regional competitions
- Independently planned and delivered full robotics and programming classes at two local Fredericton schools, serving as sole instructor with responsibility for all lesson planning and classroom management

UNIVERSITY OF NEW BRUNSWICK Fredericton, NB
Instructor and Course Developer June 2023 – Sept 2023

- Featured on CBC National News for teaching an AI and ML Python course to high schoolers, reaching 6 million+ viewers
- Led workshops for 150+ students on HTML, CSS, and JavaScript, delivering 20+ web projects with 95% positive feedback

SKILLS

Frameworks: React, Angular, Node.js, Ruby on Rails
Languages: Java, Python, C, Ruby, TypeScript, JavaScript, SQL, Bash, HTML/CSS
Tools: Git, GitLab, Docker, Kubernetes, AWS, Snowflake, dbt, Airflow, Tableau, Linux, Splunk, Jira

PROJECTS

FROGGO'S DAILY FACTS July 2024

- Built a Python Discord bot to deliver daily facts, support configurable channels, and generate frog-themed content
- Published on top.gg, gaining 100+ users with a 5-star rating within the first month of release
- Maintained 99.9% uptime by deploying on AWS EC2 with automated restart protocols

ACTIVITIES

UNB CYBERSECURITY CLUB Fredericton, NB
Member Sep 2024 – Present

- Competed at CyberSci Regionals 2024, placing 3rd among 11 teams from top Atlantic Canadian universities
